

The Woods

Kids are hiking.
Birds are singing.
Ants are crawling.
Squirrels are jumping.
Spiders are spinning.
Trees are swaying
Kids are writing.
Leaves are falling.
Bees are buzzing.
Wind is blowing.
Flowers are growing.
Bark is peeling.

By Celena Linaris, 3rd Grade, Nokomis

A Pileated woodpecker began to peck so hard even I can hear it.
(Their beaks are very hard.)
Big trees are moving backward and forward.

Erica G. (aka, Gray Fox)
